SEARCHING FOR A TALENTED FOOD SECTOR SPECIALIST

JOB DESCRIPTION

Momentum have been to the forefront of innovative food projects for almost two decades. Our work is wide scoping and includes:-

- Consultancy in the completion of regional food strategies, research and feasibility studies and regional enterprise grant applications where food, food tech and eco innovation are the central themes
- Project management services – we support key food networks and clusters to collaborate and grow
- Leading specialists in food incubation infrastructure in Ireland and the EU. We have a proven track record given our work for over 18 years in supporting The Food Hub, Drumshanbo and many other food innovation hubs throughout Europe to achieve maximum and sustained success.
- EU specialists – we put together EU project consortia to develop innovative transfer of innovation projects. We are currently creating content for
 - SUSTAIN, Simulating Healthy Food Service Innovation - This project aims to empower food service SMEs with the innovation knowledge and skills to introduce healthy, affordable products to market, thus boosting their competitiveness and contribution to a healthier society. **Home - Food Innovation**
 - INNOVATING FOOD FOR SENIORS, an open-source training programme for Food SMEs in the commercialisation of nutrient-enriched foods for the elderly **Home - Innovating Food for Seniors**
 - COOK IT FORWARD - **Culinary heritage in vocational education | Cook It Forward**
 - And new projects VEGAN FOODS and SUSTAINABLE SMALLHOLDERS EU
 - Social enterprise projects focused on food for good

Due to continued expansion, we wish to recruit a **FOOD SECTOR SPECIALIST** to work across all areas of our food project portfolio. If you are a seasoned food specialist with exceptional strengths in communications, then we want to hear from you.

HOW TO APPLY?

Please send your CV and link to your LinkedIn profile to info@momentumconsulting.ie. We would love to have our Food Specialist in place sooner rather than later so please apply before 31/3/2021. Please email any queries that you have. While we love contractors, these are full time employee positions.

#JobFairy

SEARCHING FOR A TALENTED DESIGN THINKING IN SUSTAINABILITY INTERN

JOB DESCRIPTION

We have a position available (with immediate start) for a Design Thinking in Sustainability Intern to join our team. The internship will be a 6-month part-time position while you complete your studies. On completion of the internship, there is a strong possibility for a full-time position at our company.

What in it for you?

A chance to apply the knowledge you are gaining from your Design Thinking for Sustainability course with an award winning and game changing company based in Ireland but with an EU outlook. During this internship, you will have the opportunity to gain invaluable experience from one of Ireland's leading regional and community development specialists.

What's in it for us?

Our company is growing exponentially each year. Our talent development programme involves seeking out those with new skills and knowledge who can bring a new dimension to our work. We look forward to the sustainability mindset and outlook you will bring as our Design Thinking in Sustainability Intern.

[sustainability is at the heart of everything we do.]

momentum [educate + innovate] is one of **Ireland's** leading regional and community development specialists providing support and training to a wide network of community and regional development organisations and has led the development of over 20 regional regeneration plans in recent years. We operate at the intersection of proactive Local Government and Local Communities. We consult. We research. We design. We innovate and we create impact.

momentum [educate + innovate] also has a European outlook and focus and has over 20 years' experience in EU projects. Our European network includes over 250 organisations, HEI's, local authorities and policy makers who share a common visions and missions and work to achieving the goals and principle set out in the UN's 2030 Agenda for Sustainable Development as well as the European Green Deal.

HOW TO APPLY?

Please send your CV and link to your LinkedIn profile to info@momentumconsulting.ie.

We would love to have our Design Thinking In Sustainability Intern in place sooner rather than later so please apply before 31/3/2021.

Please email any queries that you have. While we love contractors, these are full time employee positions.

YOUR ROLE

Working with our team, your intern role will give you the opportunity to apply your knowledge, affect change, embed sustainability and create real impact not only in Ireland but across the EU. There will be two main elements to your work:

- 1 Assist in the design, develop and delivery of sustainable development projects and sustainability plans
- 2 Assist with the implementation of Design Thinking approaches and tools to create innovative user-centric solutions

Essential requirements for all roles

- Innovation and creative thinking skills
- Well-developed written skills
- Available for travel throughout Europe
- Ability to drive

WHY WORK WITH US?

You will be part of a growing team of specialists who bring passion, energy and drive to everything we do. You will be given the opportunity to let your skills and creativity shine in an open and inclusive work environment. And most importantly, you will be valued for your work each and every day. With a base from Leitrim Village with work from home flexibility, we have generous and secure packages to offer the right candidate.
